

OBJECTIVE:

Front-End Developer with 1.9 years of experience in designing and developing responsive, user-friendly web applications. Skilled in HTML5, CSS3, JavaScript, Bootstrap, and UI/UX design principles, with expertise in creating clean, scalable, and maintainable code. Passionate about crafting pixel-perfect designs, optimizing UI performance, and enhancing user experiences through well-structured and visually appealing front-end implementations. Seeking an opportunity to contribute my technical and problem-solving skills in a growth-oriented environment.

PROFESSIONAL EXPERIENCE:

I am working as a Front-End developer at **METROLABS SERVICES PVT.LTD.** The periodic time from Jul 2023 to the present.

WORK EXPERIENCE:

- Designed and developed fully responsive web applications using HTML5, CSS3, JavaScript, and Bootstrap, ensuring optimal user experience across devices.
- Created clean, structured, and semantic HTML for accessibility and SEO optimization.
- Crafted modern UI designs and layouts using CSS Flexbox, CSS Grid, media queries, and custom CSS components to ensure consistency across different screen sizes.
- Implemented Bootstrap 5 to build responsive, mobile-first web interfaces with minimal custom styling.
- Developed reusable, modular components using JavaScript and CSS to streamline development workflows and ensure consistency in UI.
- Focused on CSS animations, transitions, and hover effects to create engaging and interactive user interfaces.
- Maintained clean, modular, and scalable code architecture, reducing technical debt by 15% and ensuring long-term maintainability.
- Ensured cross-browser compatibility through testing and optimizing styles for Chrome, Firefox, Edge, and Safari.
- Improved website performance by optimizing images, minifying CSS and JavaScript, and ensuring efficient rendering of UI components.
- Worked closely with UI/UX designers to translate wireframes into functional and visually appealing front-end pages.
- Maintained a scalable and maintainable front-end architecture, reducing technical debt and enhancing long-term development efficiency.
- Followed best coding practices to ensure clean, readable, and well-documented code.

EDUCATIONAL DETAILS:

- **Bachelor of Commerce (B.Com) | Nagarjuna Government Degree College, Nalgonda(CGPA7-7)**

TECHNICAL SKILLS:

- **Technologies** : HTML5, CSS3, JavaScript (ES6+), Bootstrap.
